

Eduardo Carolino Santos

Software Engineer — DevOps & Cloud

São Paulo, Brazil • edu.cs.dev@gmail.com • +55 11 99662-7759 LinkedIn: <https://www.linkedin.com/in/eduardo-carolino-santos> • GitHub: <https://github.com/EduardoCarolinoSantos>

PROFESSIONAL SUMMARY

Software engineer with strong hands-on experience in DevOps and cloud infrastructure. My edge is owning both ends of the pipeline: I build the solution and take it to production — containerizing, automating deployment, and managing the cloud environment.

I have built tools from scratch that removed manual work from real-world operations. Solving concrete problems like these is how I deepened my experience in automation, integrations, and infrastructure.

TECHNICAL SKILLS

- **Development (Full Stack):** Java, PHP, SQL
- **Cloud & Infrastructure:** AWS, Azure, Docker, Kubernetes, Terraform
- **DevOps & CI/CD:** Jenkins, GitHub Actions, ArgoCD
- **Monitoring & Quality:** Zabbix, Grafana, SonarQube

PROFESSIONAL EXPERIENCE

Jaime Administração de Bens e Condomínios — São Paulo, Brazil

Software Engineer (Contractor) • April 2025 - Present

- Full-stack development of internal solutions, from concept to production: containerization, deployment automation, and cloud environment management.
- **AI-powered notice & notification generator** — automatically produces notices and notifications, eliminating repetitive manual writing.
- **Meeting-minutes generator** — reads public notices (editais) and generates standardized documents automatically, cutting time and errors.
- **Intelligent legal-document reader** — speeds up search and supports decision-making from legal documents.

Administrative Assistant (Full-time) • June 2023 - June 2025

- Supported the onboarding of new condominiums, leading the documental, operational, and technological setup of the initial management phase, including participation in assemblies and stakeholder contact.
- Started in administrative roles and progressively moved into technology, applying automation and AI to streamline internal processes.

EDUCATION

Information Systems — Universidade Nove de Julho (Uninove) In progress • Expected graduation: 2027

LANGUAGES

- **Portuguese** — native
- **English** — intermediate
